BUSINESS

Take advantage of the emerging talent and ambition that is well and truly alive in universities.

Companies – access £135 per week for 12 weeks as salary support to employ a graduate in any sector.

Graduates for Business is a new initiative aimed at helping graduates to get their foot on the first rung of the career ladder by assisting them in finding employment with locally based businesses. The scheme offers a subsidy to small to medium enterprises based in the North East. We also offer a free recruitment service supporting the growth of local small to medium businesses.

To be eligible you must be based in the North East and offer a salary of £14,000 or above, per annum.
