

Have your say.

Do you have an opinion about the issues affecting your business? Do you want to do something about them?

Then you are invited to join with other FSB members in shaping those opinions into policies that can change the way those issues impact on your business.

The FSB's Policy Team in the North West is forming a number of focus groups to operate informally and, where possible, on line and by telephone. Face to face meetings will be kept to an absolute minimum so as not to take up more of your time than is necessary.

Initially members are invited with some understanding of the following subjects:

Business Support	Construction
Crime	Education & Skills
Enterprise & Entrepreneurship	Environment
Europe & the EU	Finance & Banking
Manufacturing	Rural & Tourism
Transport	

Your involvement, as a member of one of these groups, will be to contribute your thoughts and ideas either in writing or verbally.

If you feel able and have the necessary expertise then you may wish to lead one of the focus groups and play a bigger role in guiding the outcome.

To register your interest and find out more please email Paul Henly on [paul.henly@fsb.org.uk](mailto:paul.henly@fsb.org.uk) or call him on 0161 490 2126 or 07917 628978.
