13. AoB
14. Date of Next meeting is October 27th.

Vivienne Rayner
8th August 2008

I have put the items that concern the Regions at the beginning as there was a request that we do so.

From the notes of the last meeting – agenda item 6 above

This was the para in the notes, but I also had a note that the matter could be discussed at our next meeting with the Regions – how do members want to play it?

APU members appreciate that a glossary is necessary as much for phraseology as it is for initials and jargon words. It was agreed that Peter Ashton and Vivienne Rayner would consider how this might be tackled and respond by e-mail

As I said at the meeting, I need them to tell me what their problems are – have found a local government website that gives a lot of the definitions – but who are they for?
