

Tony Quinn was elected as Salisbury FSB Co-Vice Chairman in 2009. Tony originally worked for The Automobile Association for 23 years, originally as an AA Patrol, but also worked as a Patrol manager, Patrol Training development manager and lastly managing the technical relationships with 18 motor vehicle manufacturers. He also became heavily involved in organising numerous AA events from conferences, team building days, motor shows, and other external marketing events.

In 2005, along with his partner Amanda, Tony set up Banshee Events, a local event management and team building company. During 2009/10 Tony has been responsible for managing all our local FSB events, trade fair and workshop activities.

As a small business owner Tony appreciates the challenges in obtaining the right support, guidance and advice to grow any business. It was for this reason that Tony originally joined the FSB.

Tony is an active member of Salisbury's business community and believes we all need to work together to ensure our voice is heard at national levels. However, we must also provide our local members with the opportunity to network (Open forums and Social events), learn something new (workshops) and provide platforms for members that showcase their talents to potential customers (Trade Fairs).

If you have any questions or information requests regarding our local FSB event schedule for 2010, please contact Tony direct.
