What is a Business To Business Dinner

Quite simply it is your opportunity to network and say who you are, what line of business you are in and seize the moment, or if you wish, say nothing!

Dress Code. Smart Casual. Guests. You may bring guests who are non-members.

Bring a plentiful supply of business cards to exchange with newfound colleagues at each table.

You will change tables between courses, so that you meet another group of people.

You may also bring brochures or suitable product samples.

Please let us have a small profile of your business (15 or so words)
