What funding is available for my business?

The Welsh Government has announced a new fund for the self-employed and small businesses to help deal with the impact of the Coronavirus. FSB has encouraged the Welsh Government to use this money to help those that have not been covered by the recent announcement of the Self-Employment Income Scheme, and for the money to be available before HMRC's June go live date.

VAT Deferral

The VAT payments deferral scheme ended on 30th June 2020. If you're a UK VAT-registered business that deferred VAT payments between 20th March and 30th June, you now need to:

- set-up cancelled Direct Debits
- continue to submit VAT returns as normal and on time
- pay VAT in full on payments due after 30th June

Any deferred payments should be paid in full on or before 31st March 2021.

HMRC Time To Pay

You can contact HMRC Time To Pay on 0800 015 9559. HMRC will be generous with any request to defer due tax payments. It's important you call them to agree this, don't just cancel your Direct Debit.

Job Retention Scheme

The Coronavirus Job Retention Scheme offers a grant for furloughed staff. It covers 80% of salary costs, capped at £2,500 per month. From August, employers will need to make contributions to the scheme. [Click here](#) to find out about the changes to the scheme, including flexible furlough. You may also be eligible for the CJRS if you are a limited company director or a salaried member of a limited liability partnership - but only for the part of your income that you pay yourself as a salary via PAYE.

Hardship Loan Scheme

Contact your local authority about a hardships loan scheme, as many are setting them up for local residents, small business owners and the self-employed.

Loan Repayment Holiday

The Development Bank of Wales is currently offering all business customers a 3 month capital loan repayment holiday. More information can be found [here](#).

Mortgage & Rent Breaks

Contact your landlord about rent holidays, or speak to your bank about mortgage holidays. Welsh Government has extended the protection from eviction from commercial properties where the business has been affected by coronavirus for another 3 months to cover the summer period up to September. This is not a payment holiday, you will still remain liable for your rent and will need to make payments unless your landlord agrees a rent holiday with you. Some landlords such as the Arch Company and Network Rail have done this.

Statutory Sick Pay

The Coronavirus Statutory Sick Pay Rebate Scheme will repay employers the current rate of SSP that you pay to current or former employees for periods of sickness starting on or after 13th March 2020. The repayment will cover up to 2 weeks starting from the first day of sickness due to COVID-19. The scheme can be used if you had a PAYE payroll scheme that was created and started on or before 28th February 2020, and you had fewer than 250 employees on 28th February 2020.

Economic Resilience Fund

A £500 million fund will be available through Development Bank of Wales for companies experiencing cash flow problems as a result of the pandemic, and will provide loans of between £5,000 and £250,000 at favourable interest rates, and £400 million of grants for micro businesses and SMEs. This fund has been extended for a second phase and the eligibility criteria have been amended following FSB lobbying so that non-VAT registered firms will now be covered, alongside start-up and self-employed businesses who meet the other eligibility criteria. Businesses can check their eligibility for the fund from mid-June on the Business Wales website.

Start-up Grant

Businesses who have been operating for under a year and did not receive funding under the Economic Resilience Fund or the UK Government Self-Employment Income Support Scheme can check their eligibility for a £2500 start-up grant.

The eligibility checker for the Economic Resilience Fund and Start-Up Grant can be found [here](#)
